Where

La Galite Archipelago in Northern Tunisia boasts stunning terrestrial and marine landscapes and serves as a nursery and a safe space for vulnerable fish species. Strengthening its protection is crucial.

What to Expect

The project includes several activities aimed at raising awareness and engaging different stakeholders. The SPAMI Night event will invite local authorities, NGOs, and national environmental agencies to celebrate SPAMI Day and focus on the history of the Galite Archipelago. Primary school students will participate in an **environmental education Programme**, including a field trip to **Sidi Mechreg area**, to learn about the **importance of protecting the region's biodiversity**. Thematic webinars and workshops will be organized to share knowledge, experiences, and best practices related to the management of SPAMIs and the conservation of our natural and cultural heritage. Awareness-raising campaign will use various communication tools to **promote the ecological, cultural, and historical importance of La Galite Archipelago**. The project seeks to engage a network of actors and advocates committed to the sustainable management of SPAMIs in Tunisia and the Mediterranean.

Partnerships and Resources

The project will be implemented by **Association Méditerranée Action Nature (MAN)** in collaboration with the **Tunisian Coastal Protection and Planning Agency (APAL)**. Funding will be provided in part by **SPA/RAC**, through the **SPAMI Twinning Programme**, implemented under the cooperation agreement between **UNEP/MAP-Secretariat of the Barcelona Convention** and the **Italian Ministry of Environment and Energy Security**.

Join Us

Let's join forces to protect **La Galite Archipelago** and promote the sustainable management of SPAMIs in Tunisia.

Don't miss celebration
on **15 April!**
